**Message by Hon'ble Vice Chancellor
Prof. Anand Bhalerao
Central University of Rajasthan**

It is with great pride and enthusiasm that I extend my heartfelt congratulations on the launch of Academic Session January 2026 of the Open and Distance Learning (ODL) programmes at the Central University of Rajasthan. This initiative is a significant step towards expanding access to quality higher education, enabling learners from diverse backgrounds to pursue their academic aspirations without geographical constraints. This is a transformative step ensuring that quality learning opportunities reach every corner of the nation.

At CU Rajasthan, we have always been committed to fostering academic excellence, innovation and inclusivity in higher education. The launch of ODL programs reflects our strong commitment to making education more inclusive and far-reaching. These programmes have been carefully structured to benefit a wide range of learners, including working professionals, students from remote areas and individuals looking to enhance their skills. By offering flexible, accessible and high-quality education, we aim to ensure that learning opportunities are within reach for all.

In alignment with the National Education Policy (NEP) 2020, our ODL programmes integrate modern pedagogical approaches, technology-enabled learning and industry-relevant curricula. Through innovative teaching methodologies, digital resources and a learner-centric approach, we aim to empower individuals with knowledge and skills that cater to the evolving demands of society and the workforce.

This endeavour would not have been possible without the relentless efforts of our esteemed faculty, dedicated academic and administrative teams and the continuous support of the regulatory bodies. I express my sincere gratitude to all those who have contributed to making this vision a reality.

As we embark on this new chapter, I encourage all learners to take full advantage of the opportunities presented by the ODL programs at CU Rajasthan. Education is the foundation of progress and through these initiatives; we aspire to empower individuals with knowledge, skills and confidence to contribute meaningfully to society.

Best wishes to all learners on this journey of knowledge and self-development with CU Rajasthan!

Thank You!

About the University:

The Central University of Rajasthan (CURaj) was established in the year 2009 by an Act of parliament (Act No. 25 of 2009). This University was established with the aspiration to be one of the India's most dynamic and vibrant universities, to impart education to all the learner communities. The University is fully funded by the Government of India that provides quality education to all, especially those coming from humble socio-economic background and seeking higher education.

CURaj has successfully completed a journey of 17 years since its establishment in the year 2009. In this short span of time, the University has emerged as one of the top academic institution by adopting cutting-edge technology to impart knowledge for global outreach. The University is one of the fastest-growing and flourishing higher education institution in Rajasthan. University's commitment to inclusivity reflects its dedication to fostering a supportive learning environment that empower students to achieve their academic and professional aspirations.

It got A++ Grade (3.54 CGPA) from the NAAC, and designated as Category-I Institution by the UGC. It stands in 100 top Universities of the Country (89th Rank by NIRF-2025 in the University Category and 27th Rank in Pharmacy). Recently it has been put at the 651st rank in QS Asia University Ranking 2026.

Vision

Sustainable Development through Excellence in Education, Innovation, and Performative Societal Change.

Mission

- To create and sustain an inclusive environment that inspires students to undertake an intellectually challenging, socially engaging, and transformative learning experience.
- To develop an ecosystem for research and innovation wherein individual potential can be harnessed to provide sustainable solutions for global concerns.
- To impart value-based holistic education and develop resilient and skilled human resources that contributes to nation building.

About the CDOE (Centre for Distance and Online Education)

The Central University of Rajasthan (CURaj) is set to enhance its academic offerings by establishing a Center for Distance and Online Education (CDOE). This initiative aims to provide quality education to individuals who are deprived or unable to continue their education through traditional means. The new center will serve as a vital resource for students seeking flexible learning options, ensuring that education is accessible to all, regardless of their circumstances. All the ODL and Online Programmes of the University will be offered to the students through this Centre. By introducing the ODL and Online Programmes, CURAJ envisions creating a fulcrum that supports the dreams of students who may face barriers to education. This initiative will not only facilitate learning but also contribute significantly to the overall development of the community by equipping individuals with the knowledge and skills necessary for success. Learner Support Centres (LSCs) across Rajasthan are being envisaged to be established to democratized and disseminate education for flexibility and convenience of learners.

Examination Scheme

In Open and Distance Learning mode, a learner's progress in each course is assessed through Continuous Assessment (two assignments) and an End Semester Examination (ESE). The weightage for these is 30% and 70% respectively. To successfully complete a course, a learner must pass both the assignments and the ESE. To complete a programme, a learner must earn the required credits: a minimum of 80 credits for all programmes, with the exception of the MBA (102 credits) and the B.Sc. (120 credits); within the prescribed duration of their programme.

General guidelines:

1. The general evaluation pattern will be in accordance with the DEB-UGC (ODL) Regulations i.e. 30% weightage for formative or continuous assessment and 70% weightage for summative assessment i.e. End Semester examinations (ESE).
2. The overall grading system and passing out parameters of evaluation will be on the similar lines as for the regular programmes offered by the University.
3. For information regarding the question paper pattern and format for ODL programmes, please visit the ODL/Online programme page on the CURaj website and refer to the 'Previous Year Question Papers' section.
4. At present the medium of instruction for all the Programmes is English and therefore **Question Papers and Assignments will only be in English** (except language subjects like Hindi). However, the learners will be allowed to attempt answers either in **English or Hindi**. They will have to indicate their choice of language to write the final exam in the Examination Form, which they are required to submit by 31st May and 30th November respectively.
5. All Assignments need to be submitted by the learner before **30th May and 30th November** respectively, in order to make him/her eligible to appear in the ESE of that course. In case of genuine reasons, with the approval of the Director CDOE, relaxation in the last date can be given for the submission of Assignment; but in any case, it has to be submitted before the Theory exam of the concerned course.
6. Without completing the assignment successfully, the course will not be considered as cleared/completed. Detailed marks including assignment component will be made available to the students on the ODL Samarth Portal.
7. In Case of non-submission or unsatisfactory performance in any assignment, the student will have to repeat the Assignment in the next / subsequent semester. (Table-1)
8. Students will be required to fill an examination form before the end semester exams and will be allowed to appear in only those exams which have been indicated in the Examination Form.
9. For all written Exams/Projects/Internships/Assignments/Practicals/Viva-Voce, students will use only the enrollment number provided to them by CDOE, CURaj.
10. In Accordance with the new fee structure, course-wise examination fees will be charged with the examination form. Details of the course-wise fee is available in the fee structure. Learners are required to pay fees only for those courses they choose to appear for in the End Semester Examination, and which are being indicated in the examination form.
11. If a learner fails to appear in the exam of a course which has been indicated by him/her in the examination form, then next time when s/he wish to re-appear in that course s/he will have to pay the designated examination fee. (Table-1)
12. There will be a provision for Re-evaluation of Theory Exam (ESE) answer sheet on request and by depositing the designated fee (Table-1), subject to a maximum of **two theory papers per semester**.

13. Students will be able to access their downloadable ID card and Admit Card (for exams) through Samarth portal.
14. ODL Exams will be conducted at the Headquarters of CURaj along with approved Learner Support Centres (in Rajasthan).
15. Date sheet will be prepared by CDOE (including Saturdays and Sundays) so as to minimise the time period of stay, for the benefit of all outstation students.
16. Entry to the Exam Centre will be given to those learners only who possess valid ID card, Admit Card and one photo identity issued by any Govt. Agency. This Photo ID could be Aadhar, PAN, Passport, Voter ID or Driving Licence.
17. Desirous students will be provided the facility of accommodation, either in Hostel or Guest House (only available at CURaj HQ), subject to the availability and on payment basis.
18. Mark Sheet/Grade Card shall be made available/uploaded through the ODL Samarth Portal. The Result Notification shall be uploaded on the University Website.
19. University Rules will apply in issuance of Migration Certificate/ Grade Card/ Degree/ Diploma etc.
20. Successful candidates of ODL programmes will be included in the subsequent Convocation as per the University practice.
