## **GUIDELINES FOR MASTER OF SOCIAL WORK (MSW) UNDER SEMESTER SCHEME**

### **Introduction:**

The Department of Social Work in Central University of Rajasthan is offering two years master degree program in social work (MSW) in semester system. The syllabus of the MSW program is designed and developed keeping in view the international standards and professional ethics that would give wider understanding about the basic human rights, equal opportunity, the developmental needs, suitability of the environment, and services for the people living at different cultural context to facilitate healthy living and well-being. The student would develop the knowledge and skills of working with diverse groups of population in various set-ups like, communities, schools, institutions, organizations, industries and hospitals. They would also be able to analyze the problems through critical understanding of the situation and facilitate appropriate measures through social work intervention. This program would also enable the students to work as independent social work professionals in various demanding situations. The students across the country would be able to understand the wider cultural context and be able to design, develop, and practice program that are contextual and culturally appropriate. Specifically, assessing and interpreting various social issues, developing and implementing social work interventions are the essential part of this field work-based course. Further conducting empirical resources publishing the findings and work towards advocacy and policy formulation of various social issues at micro, mezzo and macro levels by involving multi- sectoral collaboration process recording, reviewing and self-reflection are the routine process in this P.G. course.

**Mission statement:** *To make globally competent, socially significant and locally relevant trained personnel*

### **Programme objectives:**

The Principle objective of the MSW Programme is to prepare trained and committed human personnel in the field of social welfare and social work profession. Our graduates are expected to cherish the leadership positions in different field of social work practice, research, teaching, policy making and influencing, administration of welfare, civil and corporate organizations. Few illustrative objectives of programmes are..

1. **Understanding and analytical ability:** To assist the social work trainee students to develop their understanding and analytical ability of complex social realities, its addressable procedure and integration of social work theories and practice
2. **Knowledge and skill enhancement:** To help social work trainee students to enhance their knowledge in various domains, sharpen the social skills, acquired promising attitude for ethical practices governed by the various apex bodies like IFSW, ICSW and IAASW.
3. **Enabling learning environment:** To facilitate the enabling learning environment for learners to make them responsive, proactive and responsible practitioners based on values and ethics of social work practice.
4. **Research and intervention skills:** Students are expected to undertake significant, relevant evidence base research, practice based social work interventions to demonstrate micro to macro continuum.
5. **Independent professional skills for practice:** The students are expected to gain the skills for practice to work as independent professional or seek suitable jobs at various positions.

### **Program Outcome:**

1. To enhance understanding about the socio-political, human rights issues, and to inculcate social work values and attitude among the learners.
2. To analyze the problems through critical understanding and facilitate appropriate measures through social work interventions.
3. To develop the knowledge and skills of working with diverse groups of population in various set-ups
4. To understand the cultural context and to design, develop, and practice, welfare and developmental program
5. To promote participative, people-centric & ecologically sustainable society to ensure dignity, equity, rights, social justice, and just society.
6. To develop professional and personal competency, methodological understanding, program intervention skills, functional skills to operate independently, with team work and in organization settings.

### **2. Description of the MSW Program:**

- **Program Title:** The program shall be called —Master of Social Work (MSW)l.
- **Duration of the Program:** This program shall be conducted in semester pattern and shall be extended over a period of two academic years each consisting of two semesters. Declaration of the result will be in adherence with the university ordinances.
- **The program Intake:** The numbers of students in each year shall not exceed 30 or as decided by the competent authority. It will be encouraged that there is adequate representation of both the genders and the seats will be reserved for the SC/ST/OBC/ other sub-category as per the Government rules and regulation.
- **Eligibility:** Graduation in any discipline from a Recognized University/ college/University established by law securing minimum 50% marks for general as well as OBC students and 45% for SC/ST, or any other criteria fixed by CURAJ.
- **Admission Procedure:** As of now, the norms and procedure of the admission is laid down by CUCET, facilitated by CURAJ. The changes in the procedure will be conveyed by the competent authority whenever applicable.

3. **Credit System and papers:** The program is designed as credit system as per UGC norms. There are both theory and fieldwork practicum courses in each semester. The 1<sup>st</sup> and 2<sup>nd</sup> semesters are based on generic practice of social work. In the 3<sup>rd</sup> and 4<sup>th</sup> semester, students can choose two optional papers along with other compulsory papers designed for all the students of MSW program.

- 4. Field Work Practicum:** The Field work is an integral part of MSW training program providing exposure to a variety of professional situations of working with individuals, groups, and communities.

From the first semester onwards, the students shall be placed for the concurrent individual field work under the supervision of faculty members in various types of agencies and communities so as to practice the methods of social work. In each semester, minimum 25 working days of fieldwork to be completed i.e. minimum 180 hours by each student for any 4 credit course. Therefore, in semester, provision for 28 to 30 days of field work should be maintained in the time table.

- In Concurrent Fieldwork, each student will be required to put in 16 hours of fieldwork (14 hours in field + 2 hours of reporting) per week which will be spread over two days.
- In Block Fieldwork, each students need to work for 4-6 weeks in an agency continuously, as per the working day and working hour or requirement set by the agency and department mutually.
- Summer internship will be conducted between 3<sup>rd</sup> and 4<sup>th</sup> semester during the summer holidays for minimum 4 weeks. After the ESE of 3<sup>rd</sup> of semester examination the students will be placed in agency. Students will be required to submit a comprehensive report on the same to the faculty supervisor, present the work in the Department in the scheduled date.

The department will be providing specific guidelines for submission of various reports from time to time. Weekly reports and summary reports of the semester have to be submitted by the students to the respective faculty member (field supervisor) within a stipulated time. Each student will be placed under a faculty member for field work supervision. The various components of fieldwork are given below, that will be practiced in combination in different semester as per the availability or resources and schedule.

- **Fieldwork orientation:** A structured orientation program will be conducted with the students before the fieldwork placement of the students. This will be ideally conducted within two weeks after completion of the admission process. This will be mandatory for the students to attend and submit report of the same to the respective field work supervisors. The orientation will also familiarize the students with recording and reporting.
- **Exposure Visits:** Considering the situation the department can organize Exposure Visits for the students in different kind of settings in the institutions and communities. This would include, NGOs, Government organizations, working on various fields, like, self-help group, rural development, community organization, group work, individual interventions, in correctional set-up, treatment and rehabilitation set-up and other institutional periphery or community.
- **Field work conference (IC- Individual Conference/GC- Group conference):** Every week the student should submit their report and attend the IC with the

concerned faculty supervisor. In every semester the students have to present their field work in the GC organized by the field supervisor/ faculty responsible for the student field supervision as per the department schedule.

- **Workshops/Skill Laboratory:** Field work unit/ or any faculty member of Department will organize workshop and skill laboratory on various topics as per requirement of the program.
- **Departmental Seminar:** The departmental seminar will be organized for the students to strengthen learning. As per the schedule the students have to prepare and present in the departmental seminar. The students will be encouraged to review research article, and present book reviews. In the departmental seminar each of the students will be assigned to a faculty member/ Ph D Scholar for guidance.
- **Film screening:** The film selected by the department on various social aspects/ issues should be screened, following by discussion.

### 5. Discipline:

Discipline is very important in social work education and pivotal for fieldwork. The students of social work are expected to conduct themselves with maturity, have respect for human beings, exhibit responsibility, decency and work towards maintaining the dignity and worth of individuals. The students maintain unbiased attitude, non-judgmental practice and maintain confidentiality of the clients. The following acts/behavior shall be treated as misconduct during the fieldwork.

1. Frequently going late at the field work without intimating faculty supervisor and agency supervisors.
2. Absent from field work and/or individual or group conference (IC/GC) without prior permission from the faculty in-charge.
3. Frequently late submission of report, in completion of task assigned by agency and/or supervisor.
4. Exploiting clients or clients' family.
5. Breaching clients' confidentiality.
6. Initiating physical confrontation with a client, client 's family members, agency supervisor or agency staff.
7. Acting in a discriminatory manner towards a client in agency or community.
8. Falsifying documentation in agency records and fieldwork reports;
9. Exploiting the community/agency by misuse of community/agency services/resources.
10. Engaging in behavior that would constitute malpractice.
11. Engaging in abusive or degrading behavior towards a client, client 's family, agency supervisor or agency staff.
12. Non-judicious use of professional authority such as mediation, assurance, involving in any communal-political issues etc.
13. Exhibiting disruptive or harmful behavior; acting in an unprofessional or inappropriate manner while at the field work such as – inappropriate display of emotions or immature behavior; and

14. Dressing in an inappropriate and or unprofessional manner during field visits.

**Procedure of disciplinary action:**

If the complaint is received by the faculty supervisor, from agency supervisor, or from people from community, or other sources against a student, or if the faculty supervisor feels, or is confirmed that a student is involved in any of the above mentioned misconduct, then the procedure of disciplinary action will be considered as follows:

1. Undertaking from students to adhere to the discipline will be taken
2. Issuing show-cause notice to the student duly signed by supervisor, field work coordinator and HoD.
3. Receiving written explanation from the student.
4. Holding inquiry into complaints by the Department and if needed the matter would be referred to appropriate authority.

Similarly discipline in classroom, in university campus, hostel should be treated as per university disciplinary rules.

6. **Attendance:** The students need to adhere to university regulations for fulfillment of minimum requirements of attendance.
7. **Evaluation Scheme:** The evaluation will be done as per the CUR norms. Every semester there will be End of Semester Examinations of the theory papers and viva-voce for the fieldwork practicum. For the evaluation of the field work, internal assessment, viva-voce, seminar, report writing will be considered in combination as decided by the Department.

**Field Work Evaluation Scheme:**

- The Fieldwork in each semester will be evaluated through two internal assessments followed with one end of semester examination.
  - In the end of semester examination Viva voce will be conducted for Concurrent Fieldwork and Block Fieldwork. Wherein an external examiner from the discipline of social work will be invited.
  - The Summer Internship is evaluated through fieldwork reports, i.e weekly report and summary report. The students need to present their work in department as part of evaluation. This course is evaluated based on continuous performance and no separate viva-voce is conducted.
  - In case the student is not able to successfully complete the Concurrent Fieldwork or Block Fieldwork, leading to failure in the course. The student must repeat the field work.
  - In case of failure in Summer Internship (Course Code- 6.5MSW11) the student has to repeat the course in next year.
8. **Grade and declaration of result:** Declaration of result and allocation of grades will be done as per the university regulations.
  9. **Criteria of offering of Elective from Department for Social Work students:** The Elective courses mentioned in this programme structure will be offered subject to:
    - (i) Availability of faculty members with subject expertise in the respective area of specialization
    - (ii) A minimum of 40% of total students of the batch opting for the specialization.
    - (iii) The students shall be allocated their DSE course/s at the end of second semester after scrutiny

of students' options and performances in the two semesters. The decision of the Department shall be final in allocation of DSE course to the students.

The Open Electives (OE) courses of 4 credits (each course) from the Department/MOOC

The Discipline Specific Electives (DSE) courses of 4 credits (each course) from department are arranged in pair over 3<sup>rd</sup> and 4<sup>th</sup> Semester. In each semester 2 courses should be selected by a student.

<b>Thematic areas:</b>	<b>Course name and Code III sem (credit-4)</b>	<b>Course name and Code IV sem (Credit-4)</b>
<i>Working with differently abled</i>	6.5MSW01: Social Work Practice with Differently Abled	6.5MSW14: Rehabilitation in Disabilities

<p>Hormonal Imbalance and Human Behavior – Mood, Feelings- Secondary Sexual Characteristics.</p> <ul style="list-style-type: none"> <li>• <i>Heredity and Environment</i>: Concepts, mechanisms Genetic Composition, Physical Traits, Biological bases of Human behavior– interplay of heredity and environment in shaping human behavior.</li> </ul>	
<b>UNIT-II: Cognitive Development</b>	<b>15 Hours</b>
<ul style="list-style-type: none"> <li>• <i>Cognition and Cognitive Development</i>: Introduction, Importance, Methods for Studying Cognitive Development - Historical perspective. Stages of Cognitive Development: Developmental Delay and Disability, High-risk babies: Factors Influencing Cognitive Development: Genetics, Environment, Social Interaction, Nutrition, Health, Social influences on cognitive and perceptual development</li> <li>• <i>Language and Mathematical Development</i>: Language Acquisition: Categories, Concepts and Conceptual Development- Number, Time, and Space Numerical cognition, Gesture and cognitive development Number Cognition, Analogy and Symbolic Development, Symbolism and memory, Spatial development: Depth Perception</li> <li>• <i>Development of Executive Functions</i>: Thinking, Logic &amp; Reasoning, Learning and memory, Problem-Solving, Feelings, Emotions, self and agency, Executive Control, Representation, Problem Solving, Decision making and self-control</li> <li>• <i>Theories of Cognitive Development</i>: Piaget’s Theory of Cognitive Development, Information Processing Theory, Kohlberg’s theory of Moral Development, Gilligan’s theory of Morality of Care,</li> </ul>	
<b>UNIT-III: Psychological Development</b>	<b>15 Hours</b>
<ul style="list-style-type: none"> <li>• <i>Psychology</i>: meaning, scope of application in various fields. Nature and scope of psychology in relation to social work. Different schools of psychology: Behavioral school, Humanistic school and Psycho analysis school. Importance of psychology for social workers.</li> <li>• <i>Learning</i>: Concept, types, and theories of learning, conditioning - Sensation &amp; Perception: Sensory Process- Emotions and Feelings, Stress &amp; Health: Stress and coping: Motivation and human behavior: Concept, theories, biological and social motives. Maslow’s hierarchy of needs and individual growth</li> <li>• <i>Personality</i>: Definitions - Gender Identity Meaning and structure- Theories of Personality - Types of Personalities – Psycho-Dynamic approach, Humanistic approach, Psycho Social approach, Biopsychosocial model, Dawson’s Biosocial psychology.</li> <li>• <i>Behaviour and Mental Health</i>: Person perception: - Attribution processes: Relationship Formation, linking and loving- Attitudes: social judgments- Conformity and obedience: - Social Psychology-thoughts, feelings, and behaviors influenced by the presence of others- Attitudes, prejudice, and social influence. Mental Health &amp; Mental Illness; Classification of minor and major mental illness, Treatment.</li> </ul>	
<b>UNIT-IV: Social Development</b>	<b>15 Hours</b>

- *Understanding Social Dimension of Human Development:* Need and Importance. Social Responsibility and Identity Formation: group memberships, cultural influences. Cultural Understanding: Learning cultures, customs, and perspectives, fostering tolerance and acceptance. Community Involvement: Sense of belonging and civic responsibility. Civic Engagement:
- *Social Learning and Social Skills:* Need, Importance, Development of Social Skills- Communication: Verbal, Non-Verbal, Language, Voice Modulation- Effective Communication Strategies. Social Learning: Need and Importance- Factors Influencing Social Learning: Social Interaction and Relationships formation: Emotional Development, Belonging: Empathy and Compassion building positive relationships.
- *Theories of Social Development:* Vygotsky's Sociocultural Theory, Bandura's Social Learning Theory, Attachment Theory (John Bowlby): Social Development Model: Social Exchange Theory: Weber's Social Theory, Bronfenbrenner's Ecological Systems Theory
- *Social Bases of Behaviour* - Social perception: Concept, formation, stereotypes. Attitude: Concept, formation, prejudices, Altruism/Pro-social behavior: Concept, contributing factors, volunteers in social service. Collective behaviour: Groups, Crowd, mob, audience, herd mentality, Mass phenomena and social pathology: Rumours, panic, collective movement and impact on the society.

#### **Examination and Evaluation:**

CIA-1: Descriptive examination 20 Marks.

CIA-2: Identify 3 children from field work/ agency setting and assess their physical, psychological, social and cognitive development and submit report (15 Marks). In addition to submitting the report, students will also present their work in a 3–5-minute presentation during class (5 Marks).

ESE : End semester examination will be descriptive in nature graded for 60 Marks

<b>Course Pre-requisites:</b>			
<ol style="list-style-type: none"> <li>1. Should have basic knowledge about group living in Indian settings.</li> <li>2. Should have aptitude of working with various group and group formation.</li> <li>3. Should be aware about the dynamics of human behaviour.</li> </ol>			
<b>Course Objectives:</b>			
<ol style="list-style-type: none"> <li>1. To develop knowledge and skills about group work.</li> <li>2. To build capacity to deal with group in various settings, including developmental and therapeutic work.</li> <li>3. Facilitating analytical capacity to use and evaluate group work in social work practice.</li> <li>4. Develop skills of working with groups as an effective method of social work intervention</li> </ol>			
<b>Course Outcome:</b>			
The student will be able to			
<ol style="list-style-type: none"> <li>1. Understand the group process, effective use of programme media and programme planning</li> <li>2. Learn the group formation, stages of group development and group dynamics.</li> <li>3. Enhance their abilities to function as a social group worker in different settings</li> </ol>			
<b>UNIT-I : Concept of Group Work</b>			<b>15 Hours</b>
<ul style="list-style-type: none"> <li>• Definition of Group, Characteristics of Group. Types of Group: primary and secondary, In-group and out-group, formal and informal, open and closed, therapeutic and task, reference group, virtual group.</li> <li>• Group work: Nature, Definition and Objectives,</li> <li>• Assumptions, Values, Functions and Principles of Working with Groups.</li> <li>• Historical Development and Group Work as a Method in India and Abroad.</li> </ul>			
<b>UNIT-II : Theories of Group Work and Group Dynamics</b>			<b>15 Hours</b>
<ul style="list-style-type: none"> <li>• Theories for Group Work Practice: Systems Theory, Conflict Theory, Human and Social Capital, Life Skills, Field Theory, Exchange Theory, Theory of Power Dependence.</li> <li>• Tuckman stages of Group Development, Kurt Lewin's model, Klein's model, Fisher's model of group development.</li> <li>• Dynamics of Groups: Bond, Sub-Groups, Role, Status, Cohesiveness, Isolates, Scapegoats, New Comer, Group Conflict, Social Control.</li> </ul>			
<b>UNIT-III: Process and Skills</b>			<b>15 Hours</b>
<ul style="list-style-type: none"> <li>• Process of Group Work: Pre- Group Planning, Beginning, Middle Stage and Termination, Evaluation. Individual or Group Follow up.</li> <li>• Programme Planning and Recording in Group Work Process.</li> <li>• Essential Skills for Group Work: Communication, Listening, Observation, Analytical Thinking, Empathy, Self-Control, Leadership.</li> <li>• Techniques of Working with Groups: Group Counseling, Group Discussion, Group Decision Making, Sharing Feedback and Emotional Support</li> </ul>			
<b>UNIT-IV: Models and Approaches</b>			<b>15 Hours</b>

<ul style="list-style-type: none"> <li>• Models of Group Work: Social Goal Model, Remedial and Reciprocal Model.</li> <li>• Development Group and Task-Centered Group.</li> <li>• Different Therapeutic Approaches: Transactional Analysis, T - groups, Gestalt, Role play, Buzz group, Brainstorming etc.</li> <li>• Group Work with Children, Adolescents and Elderly, Group work with Women</li> </ul>

<b>6.0 MSW05: Concurrent Field Work- I (Agency setting)</b>			
<b>TEACHING SCHEME</b>	<b>EXAMINATION SCHEME</b>	<b>TYPE</b>	<b>CREDITS ALLOTTED</b>
Filed work Practicum (12 Hrs. fieldwork + 2 hrs. for Report writing=14 hours/ week)	CIA-I: 20 Marks CIA-II: 20 Marks ESE: 60 Marks	CORE	Total Credit: 4 (120 Hrs.) 20 Days Fieldwork for 6 Hrs /Day=120 Hrs. Required:
<b>Course Pre-requisites:</b>			
<ol style="list-style-type: none"> <li>1. Must have aptitude for Social Work Practice in the Agencies and Communities.</li> <li>2. Must have basic knowledge about society</li> <li>3. Should be aware about the current socio-political affairs.</li> </ol>			
<b>Course Objectives:</b>			
<ol style="list-style-type: none"> <li>1. To give an opportunity to develop an understanding of the agency setting</li> <li>2. To develop the knowledge and practice skills within the agency settings</li> <li>3. To understand the organisation culture, management and implementation of various projects</li> <li>4. To enhance the ability to work in agency settings with a professional and ethical commitment</li> <li>5. To provide an opportunity for students to cognitive learning to practice in agency settings</li> <li>6. To understand strengths and limitations of self and observe own behavioral patterns that challenge own-perception regarding the world view</li> </ol>			
<b>Course Outcome:</b>			
<ol style="list-style-type: none"> <li>1. Apply and integrate social work theories and methods in the fieldwork service setting.</li> <li>2. develop professional skills to implement social work theories and methods in practice.</li> <li>3. Conduct assessment of various social situation, and clients.</li> <li>4. Plan interventions with an individual, group/family or in community through agency.</li> </ol>			
<b>First Phase: Field Work Orientation:</b>			<b>30 Hours</b>
<ul style="list-style-type: none"> <li>• Ethics of field work</li> <li>• Importance of fieldwork as signature pedagogy- IC/GC Presentations,</li> <li>• Making field work Videos,</li> <li>• Report writing practice sessions</li> <li>• Skill lab sessions on: Assessment, life skills, Developing agency Profile, Orientation to different client groups etc.</li> </ul>			
<b>Second Phase: Field Exposure</b>			<b>30 Hours</b>
<p>Students will be exposed to civil society organizations/NGOs to understand its contexts and different dimensions of areas of functioning and interventions. During this phase, students are supposed to complete following activities/work/assignments etc.:</p> <ul style="list-style-type: none"> <li>• Developing an understanding of the Civil Society Organizations/NGOs and strategies and approaches to work based on its mission and vision.</li> <li>• Develop an understanding of the administrative and operational procedure and participation in the agency meetings/events.</li> <li>• Conduct meetings with official staffs of CBOs/NGOs to understand its areas of operation and collaboration.</li> <li>• Explore areas of practice to integrate theories into practice.</li> <li>• Visit to communities identified by the agencies for interventions exploring critical aspect of practice while working with varied groups.</li> <li>• Reading key reports (annual reports, financial reports etc.) to understand and develop familiarity with documentation pattern and practices. Initiation of preparation of agency profile</li> </ul>			

<ul style="list-style-type: none"> <li>• Initiation of field visits and documentation</li> <li>• Facilitating and working with agency supervisor(s)</li> <li>• Identifying needs of the clients and designing intervention plan</li> </ul>																																				
<b>Third Phase Social work methods//Intervention</b>	<b>30 Hours</b>																																			
<ul style="list-style-type: none"> <li>• Develop an understanding of the basic legal procedures applicable to a civil society Organization.</li> <li>• Participation and observing the work of the organization and identifying the areas for social work intervention</li> <li>• Understanding the work culture, leadership pattern and management pattern of the agency</li> <li>• Preparing a complete profile of the agency</li> <li>• Participating in the decision-making process and related meetings as far as possible</li> <li>• Understanding the process of project formulation and implementation in different areas with different target groups</li> <li>• Working with different stakeholders of the agency and developing networking</li> <li>• Taking up some specific tasks with the organization:</li> <li>• Social Case work: two case work</li> <li>• Social Group work: 5-10 detailed session with identified groups</li> <li>• Working on documentation of events</li> <li>• Planning an intervention with the designed outcome</li> </ul>																																				
<b>Fourth Phase: Field Work Intervention at the Community/ Documentation</b>	<b>30 Hours</b>																																			
<ul style="list-style-type: none"> <li>• Developing case studies of different individuals, situation, incident, which were relevant</li> <li>• Conducting or facilitating capacity building program/workshops</li> <li>• Organizing specific awareness program in different social issues</li> <li>• Supporting the program run by the organization</li> <li>• Participating in various program activities conducted by the organization</li> <li>• Self – initiatives</li> <li>• Compilation of reports and presentation</li> </ul>

**School of Social Sciences**

**MSW (Master of Social Work)**

**SYLLABUS**

**Semester- II**

**Academic Year 2025-26**

<b>6.0MSW06 -SOCIAL WORK RESEARCH</b>			
<b>TEACHING SCHEME</b>	<b>EXAMINATION SCHEME</b>	<b>TYPE</b>	<b>CREDITS ALLOTTED</b>
Credit Scheme: Lecture/ Tutorial/	CIA-I: 20 Marks CIA-II: 20 Marks ESE: 60 Marks	CORE	Total Credit: 4  <b>Credit Weightage:</b> Lecture = 3 credit Tutorial = 1 credit
<b>Course Pre-requisites:</b>			
<ol style="list-style-type: none"> <li>1. The students should have an aptitude for understanding a systematic and logical enquiry</li> <li>2. The students should have an ability to search, evaluate, and synthesize scholarly sources and interpret information objectively</li> <li>3. Student Should have basic understanding of Mathematical and statistical application</li> <li>4. Should have ability to interact humans in individual and group and ability to work with team and groups</li> </ol>			
<b>Course Objectives:</b>			
<ol style="list-style-type: none"> <li>1. To develop an understanding about the scientific approach to human inquiry</li> <li>2. To develop an appreciation of the value and approach in social work research in addressing Problems in the field of professional practice</li> <li>3. To learn the skills and techniques of doing a research study.</li> <li>4. To acquire the skills research writing and documentation in research work</li> </ol>			
<b>Course Outcome:</b>			
<ol style="list-style-type: none"> <li>1. Will learn theoretical understanding of Research in social work settings</li> <li>2. Students will be equipped with knowledge to apply social research in the practice settings</li> <li>3. Students will learn skills in data collection, analysis and report writing</li> <li>4. Will learn to find, understand, evaluate, and synthesize scholarly sources and interpret information objectively</li> <li>5. Will be able to learn the academic writing, proper referencing, and coherence of arguments</li> <li>6. Will be able to learn methodological application of qualitative, quantitative, or mixed methods and data analytical skills</li> <li>7. Will learn the technical knowledge of conducting surveys, interviews, experiments, observations, etc.</li> <li>8.</li> </ol>			
<b>UNIT-I : Introduction</b>			<b>15 Hours</b>
<ul style="list-style-type: none"> <li>• <i>Social Research:</i> Meaning, nature, objectives, need and importance, Nature of scientific enquiry. Understanding Social Phenomena, Challenges in measuring and assessing. Research paradigms – Epistemology, Ontology, Axiology and Research Methods.</li> <li>• <i>Types of Research-</i> Historical, Descriptive and Experimental; Basic, Applied and Action Research- Longitudinal and Cross-sectional Research - Quantitative and Qualitative Research, Mixed Method</li> <li>• <i>Research Process:</i> Formulating a research problem - conceptualization and re-conceptualization - Concepts, constructs, abstraction, Stages of research, Pilot Study - Basic Elements of Social Research.</li> <li>• <i>Literature Review:</i> Need and Importance, Sources of Review, proper use of E-resources, Systematic review of literature, Theory and Use of Theoretical approaches in Research.</li> <li>•</li> </ul>			
<b>UNIT-II : Research Methods &amp; Methodology</b>			<b>15 Hours</b>
<ul style="list-style-type: none"> <li>• <i>Variables –</i> Concept, Construct, Indicators and Variables - Types of variables - Independent</li> </ul>			

<p>variables, Dependent variables, Categorical and Continuous, Quantitative variables, Qualitative variables, Intervening variables, Moderating variables, Extraneous variables, Confounding variables, Control variables, Composite variables; Levels of measurement – Nominal, Ordinal, Interval, Ratio, Scale, Variables in quantitative &amp; qualitative studies</p> <ul style="list-style-type: none"> <li>• <i>Research Designs</i> – Research Designs in different approaches - Observational, Exploratory, Descriptive, Explanatory and Experimental Research -Randomized Designs - Completely Randomized Design, Randomized Block Design and Latin Square Design.</li> <li>• <i>Sampling</i>: Definition and purpose. Population vs. sample, Universe, Sample size, Sampling frame and sampling unit. Characteristics of a good sample. Census vs. sample survey. <b>Sampling in Quantitative Research</b>- Non Probability and probability sampling. Sample size determination, Sampling errors and biases</li> <li>• <i>Data and Data Collection</i> – Data, Need and Importance of data, different types of data, sources of data, Primary and Secondary. <i>Methods of Data Collection</i>: Interview, Observation, Questionnaire, Focused Group Discussions. Telephonic Interviews, Surveys, Web based surveys. <i>Tools of Data Collection</i> – Unstructured, Semi-Structured, Structured - Schedule, Guide, Checklist, Questionnaire, Inventory – Use of standardized scales/ instruments and Rating Scales; Reliability and Validity. Issues in using standardized scales – copyrights, scoring. Standardization of tools and factor analysis.</li> <li>•</li> </ul>	
<p><b>UNIT-III: Qualitative, Quantitative and Mixed Method Research</b></p>	<p><b>15 Hours</b></p>
<ul style="list-style-type: none"> <li>• <i>Qualitative Research</i>: Basic aspects, steps in qualitative research. Sources of data, Data Collection and Recording procedures in qualitative research. Approaches in Qualitative Research - Phenomenological, Ethnography, Grounded Theory, Case Study, Historical and Narrative Inquiry, Action Research. Qualitative Data Analysis: Thematic analysis, Content Analysis, Narrative Analysis. Use of Softwares in Qualitative data analysis Nvivo, ATLAS.ti, MAXQDA</li> <li>• <i>Quantitative Research</i>: Basic Concept, data in quantitative research, Uses, Advantages and Disadvantages. Probability and Normal Distribution, Sampling &amp; Normal Distribution. Data Processing: Data management, analysis and presentation: Basic Statistics: Measures of central tendency and dispersion. Meaning, uses, and computation. Inferential Statistics and hypothesis testing. Recent advances: Data Mining, Big data analytics, social media research</li> <li>• <i>Mixed Method Research</i>: Components, purpose, Data in mixed method research. Types of Mixed method research- Triangulation, Concurrent, or Parallel Design, Embedded Design, Exploratory Sequential Design, Explanatory Sequential Design. Data analysis and Point of Interface in Mixed method Research.</li> <li>• <i>Hypothesis</i>: Need and Importance. Hypothesis in Qualitative and Quantitative Research, Different Types- Research Hypothesis, Null, Alternate, Directional, Testing of Hypothesis, Alpha and Beta Error, Tools for testing hypothesis.</li> <li>•</li> </ul>	
<p><b>UNIT-VI: Publication, Reporting &amp; Ethics in Research</b></p>	<p><b>15 Hours</b></p>

<ul style="list-style-type: none"> <li>• <i>Research Report</i> – Purpose, characteristics and steps of writing report- Format of Research Report, Types of Research Reports. <b>6.5 MSW07: Disaster Management</b>			
TEACHING SCHEME	EXAMINATION SCHEME	TYPE	CREDITS ALLOTTED
Credit Scheme: Lecture/48 Hrs. Tutorial & Assessment/12 Hrs.	CIA-I: 20 Marks CIA-II: 20 Marks ESE: 60 Marks	DSE	Total Credit: 4  <b>Credit Weightage:</b> Lecture = 3 credit Tutorial = 1 credit
<b>Course Pre-requisites:</b>			
1. Interest and commitment to work in the field of disaster management. 2. Knowledge about the disasters and management system 3. Experience of field work, or as volunteer in schools and colleges			
<b>Course Objectives:</b>			
8. The course will inculcate skills among the students to understand the concept of disaster, disaster management, disaster preparedness, and its relevance in the Indian context. 9. It will give knowledge and skills in disaster intervention according to the national and international standards and guidelines, and role of Social workers in building community			
<b>Course Outcome:</b>			
The student will be able to 7. develop their knowledge and skills to analyse factors contributing to disasters, according to the cycle of disaster. 8. Work in different phases of disasters, with diverse groups at the pre-disaster, during disaster and post disaster period. 9. Design and initiate disaster mitigation and management endeavors towards disaster risk reduction			
<b>UNIT-I: UNIT-I: Introduction and Basic concepts to disaster management</b>			<b>15 Hours</b>
<ul style="list-style-type: none"> <li>• Definition and Concept of Hazards, Risk, Vulnerability, Disasters, and Capacity.</li> <li>• Types of disasters- natural human induced and other, CBRN (Chemical, Biological, Radiological and Nuclear) disasters, and complex emergencies. Disaster vulnerability profile of India and Rajasthan</li> <li>• Impact of disaster in natural eco-system; Multi-dimensional Impact of disasters: physical, psychological, social, economic etc.</li> <li>• Issues of marginalization among the vulnerable groups in disasters- <ul style="list-style-type: none"> <li>○ Poor, Women, Aged, Children, persons with special needs,</li> <li>○ chronically ill, injured, amputees, victim of violence. Internally displaced people (IDPs), Refugees,</li> </ul> </li> </ul>			
<b>UNIT-II: Community Based Disaster Risk Reduction &amp; Psychosocial care</b>			<b>15 Hours</b>
<ul style="list-style-type: none"> <li>• Disaster Management Cycle- rescue, relief, rehabilitation, reconstruction, prevention, mitigation, preparedness, early warning (emergency response).</li> <li>• Disaster risk reduction (DRR) - Community based DRR, Safe-School, Safe-Institutions, Conflict mitigation and peace-building for community cohesion. - Public Health in emergency; CBFA (Community based first Aid), Build Back Better.</li> <li>• Concept of psychosocial support, resiliency and well-being for the individuals, family and at the community level.</li> <li>• Mental health issues among the survivors of disaster. Principles and techniques of psychosocial support-Self-care and Stress management for the disaster intervention workers</li> </ul>			

<b>UNIT-III: Disaster Management Infrastructure, Legislations</b>	<b>15 Hours</b>
<ul style="list-style-type: none"> <li>• Disaster Management Act-2005, Institutional framework of disaster management in India (NDMA-SDMA-DDMA, NDRF, Civic volunteers, NIDM), National Disaster Management Guidelines</li> <li>• Inter-Agency Standing Committee guidelines, Sphere (Standards) Project,</li> <li>• Role of Civil society organization and UN agencies in disaster management and DRR (WHO, UN, UNDP, UNISDR, IFRC, ICRC, USAID, OXFAM),</li> </ul>	
<b>UNIT-IV: Role of social workers and other stakeholders in disaster intervention</b>	<b>15 Hours</b>
<ul style="list-style-type: none"> <li>• Awareness generation at the community on safe-practices in disaster (earthquake, cyclone, tsunami, heat-cold waves, lightning, fire, pandemic)</li> <li>• Strategies for, health care services, livelihood restoration, reconstruction of housing, water and sanitation.</li> <li>• Capacity building for safe school, safe city, safe home, safe institutions.</li> <li>• CBDRM- Community based disaster risk management and climate change adoption; Role of social workers in different phases of disasters.</li> </ul>

<b>Teaching Scheme</b>	<b>Examination Scheme</b>	<b>TYPE</b>	<b>CREDIT ALLOTTED</b>
<b>Credit Scheme:</b> Lecture/48 Hrs. Tutorial & Assessment/12 Hrs..	CIA-I: 20 Marks CIA-II: 20 Marks ESE: 60 Marks	DSE	Total Credit: 4  <b>Credit Weightage:</b> Lecture = 3 credit Tutorial = 1 credit
<b>Course Pre-requisites:</b> Student must have knowledge of			
<ol style="list-style-type: none"> <li>1. Basic understanding of environment and ecology</li> <li>2. Basic knowledge of development and social issues in India</li> <li>3. Familiarity with social science topics like society, economy, and governance</li> <li>4. Awareness of how local communities use and manage natural resources</li> <li>5. Basic knowledge of government policies and rights related to people and environment</li> </ol>			
<b>Course Objective:</b>			
<ol style="list-style-type: none"> <li>1. To introduce students to the concept of commons and their importance in community life</li> <li>2. To understand different livelihood systems and how they are connected to natural resources</li> <li>3. To explore the idea of sustainable development and its key environmental and social goals</li> <li>4. To examine major policies and programmes that support commons, sustainable use of resources, and rural/urban development</li> <li>5. To encourage critical thinking about development, equity, and environmental justice.</li> </ol>			
<b>Course Outcomes:</b> After completion of this course student will able to			
<ol style="list-style-type: none"> <li>1. Explain the concept of commons and how communities manage them</li> <li>2. Describe different livelihood approaches and their connection to natural and social systems</li> <li>3. Understand the principles and challenges of sustainable development</li> <li>4. Identify and critically discuss key policies and programmes related to environment, development, and resource use</li> <li>5. Analyse real-world issues related to equity, access, and sustainability</li> <li>6. Apply concepts to case studies and suggest solutions for sustainable and inclusive development</li> </ol>			
<b>Unit 1</b>			<b>15 Hours</b>
<ul style="list-style-type: none"> <li>• Indigenous Knowledge System (IKS) on Commons Managements,</li> <li>• Ecosystem Services from Commons</li> <li>• Global Commons, Climate Change, and International Cooperation, Commons and Sustainable Development Goals (SDGs)</li> <li>• Case Studies on the Intersection of Commons and Global Issues,</li> <li>• Management of Commons (from FES and civil society repository)</li> </ul>			
<b>Unit 2 Livelihood: Meaning and Concepts</b>			<b>15 Hours</b>
<ul style="list-style-type: none"> <li>• Livelihood: Concept, Types, Approaches, and Sustainable Livelihood Framework</li> <li>• Agricultural-based Livelihoods, Agro-allied Sector Livelihoods, Gender and Food Security</li> <li>• Livelihood Mapping: Tools and Techniques for Livelihood Mapping and Sub Sector Analysis: Participatory Assessment and Planning for SL (PAPSL), Rapid and Participatory Livelihood Security Assessment (RLSA).</li> <li>• Livelihood promotions: By different agencies (Government and Non-governmental organizations - Local and International Organizations)</li> </ul>			

- Major livelihood programs in India (National Rural Livelihood Mission (NRLM), Challenges in livelihood promotions; Livelihood strategies: Livelihood portfolio for rural poor, Agriculture, Migration, Diversification, Sectoral approach.

### Unit 3 Sustainable Development

15 Hours

- Sustainable Development: Definition, History (Brundtland Report), Principles, Three Pillars Model (Environmental, Economic and Social Dimensions),
- Ecological Modernization Theory, Capabilities Approach (Amartya Sen & Martha Nussbaum), Degrowth and Post-Development Perspectives,
- Commons and Sustainable Development Goals, Global Indicators and Composite Indices (HDI, Ecological Footprint, GPI),
- Role of International Institutions: UNDP, UNEP, World Bank, IPCC
- Commons and Environmental Sustainability: Natural Resources Conservation-Forest, Water, Biodiversity
- Role of Indigenous Knowledge and Traditional Practices in Sustainability

### Unit 4 Policies and Programmes

15 Hours

- Rio Conventions: United Nations Framework Convention on Climate Change (UNFCCC), United Nations Convention on Biological Diversity (UNCBD), United Nations Convention to Combat Desertification (UNCCD)
- Paris Agreement (2015)- Climate Commitments and Nationally Determined Contribution
- MGNREGA, National Livelihood Mission, Forest Rights Act, Community-based Water Management Programmes, Skill India Mission
- National Environment Policy (2006), National Action Plan on Climate Change – Solar Mission, Water Mission, Sustainable Habitat Mission

<b>6.5MSW09: RESEARCH DISSERTATION</b>			
<b>TEACHING SCHEME</b>	<b>EXAMINATION SCHEME</b>	<b>TYPE</b>	<b>CREDITS ALLOTTED</b>
Credit Scheme: Lecture/ Tutorial/ Practical	CIA-I: 20 Marks CIA-II: 20 Marks ESE: 60 Marks  CIA-I: Based on research proposal/ Literature review CIA-II: Presentation of result/ findings ESE: Submission of the dissertation volume –VIVA	SEC	Total Credit: 4  <b><i>Credit Weightage:</i></b> Tutorial = 4 credit
<b><i>Course Pre-requisites:</i></b>			
<ol style="list-style-type: none"> <li>1. Must have studied Social Work Research</li> <li>2. Must have basic knowledge about society and social problems</li> <li>3. Should be aware about the current socio-political affairs</li> <li>4. Should have abilities to do the work in computer and analysis data.</li> </ol>			
<b><i>Course Objectives:</i></b>			
<ol style="list-style-type: none"> <li>1. To Understand Research Foundations, Explain ethical principles and considerations in research.</li> <li>2. Learn to Develop Researchable Questions or Hypotheses, Formulate clear, focused, and feasible research questions</li> <li>3. To learn to Conduct a critical review of existing literature to identify research gaps.</li> <li>3. To learn to Design a Methodologically Sound Research Plan for conducting research</li> <li>4. Develop Academic Writing and Referencing Skills</li> </ol>			
<b><i>Course Outcome:</i></b>			
<ol style="list-style-type: none"> <li>1. The course will incorporate the practical knowledge about research of various social issues.</li> <li>2. The students will become confident to formulate statement of problem and develop methodology for research</li> <li>3. The course will impart the practical skill about of data collection, analysis and presentation, use of software for quantitative and qualitative data analysis</li> </ol>			
<b>Course Description</b>			
<p>Every student is required to complete a research project under the supervision and guidance of a faculty member of the Department who will guide the research work in the related specialization field chosen by him/her.</p> <p>The Dissertation/Field Study/Case Study/Survey Report will be undertaken by the candidates under the supervision of recognized research supervisor of the University.</p> <p>The study envisages collection of primary data employing appropriate research methodology, tools, techniques as well as evaluation of various experimental designs.</p> <p>Proper data analysis, critical interpretation and emerging trends will be highlighted. The subject chosen for the Dissertation/Field Study/Case Study/Survey Report should be of relevance to social issues.</p>			

<p>The candidates may formulate any research problem based on their training, specialization and skills in consultation with their Supervisors. The Dissertation will be evaluated by internal as well as by external examiner also.</p>	
<p><b>Process to be followed:</b></p>	
<ul style="list-style-type: none"> <li>• Submission of Borad Topic: Each student will submit a broad topic depicting their area of interest.</li> <li>• Allocation of Guide: Based on the area of interest of teacher, each student will be provided with a Guide from the Department of Social Work. Decision of the Department is final in such situation</li> <li>• Protocol/ Proposal Presentation and Approval of topic: After a while of receiving guidance from teacher all students will be asked to present their research protocol in the department for approval of the research topic. They will be assessed for CIA-1 for 20 Marks.</li> <li>• Data collection and Presentation: Each student shall compulsorily visit field and collect data. The collected data shall be analyzed, writing of chapters will be carried out. On the date notified by Department, the Presentation of data shall be done, which will be evaluated as part of CIA-2 for 20 Marks.</li> <li>• Thesis submission and Oral Examination: The students will submit a final bound thesis (3 copies) and one soft copy in pdf format. The students shall face viva voce examination. A social work academician shall be invited as external expert to form the panel of evaluators including teachers of department to assess the viva voce examination at the End of Semester Examination.</li> <li>• During the End Semester oral Examination, the thesis and candidate's performance shall be assessed for 5 marks each for Introduction, Review of Literature, Research methodology followed, Data processing, results and discussion and Open defense by external evaluator and internal panel separately. The oral examination shall be assessed for 60 Marks. The external expert shall assess for 30 Marks and the internal panel of examiners for 30 Marks.</li> </ul>	
<p><b>Modeule-I: Introduction to the Research Process</b></p>	
<ul style="list-style-type: none"> <li>• Research area identification</li> <li>• Identifying a research topic and formulating questions.</li> <li>• Conducting Literature Review, conducting literature searches and reviews, Structuring a literature review chapter</li> <li>• Research problem formulation, Preparing a Research Proposal and Presentation as part of CIA-1</li> </ul>	<p><b>15 Hours</b></p>
<p><b>Modeule -II: Field Visits and Data Collection</b></p>	
<ul style="list-style-type: none"> <li>• Finalization of Research Methodology</li> <li>• Pilot Study and Selection/ Construction of tool of data collection Validation of tool of data collection</li> <li>• Field Visits and Data Collection</li> <li>• Analysis of data Preparation of first draft of the report</li> <li>• Results Presentation (CIA-2) The Research presentation should be done by the students as a Power point presentation (maximum of 7 slides) of their research work as per the following format. (i) Title of the Study (ii) Need and significance of the study (iii) Objectives of the study (iv) Methodology – field of study, (v) sampling design, (vi) research design, (vii) tools for data collection (viii) Data Analysis (ix) Major Findings (x) Summary &amp; Conclusion (xi) Suggestions and recommendations</li> </ul>	<p><b>15 Hours</b></p>

•						
<b>Module -III: Dissertation Writing</b>						<b>15 Hours</b>
<p>Format:</p> <ul style="list-style-type: none"> <li>Title Page: Every thesis shall have a title page mentioning the topic and researcher details.</li> <li>Margins: Left margin is at least 1.5 inches, Right margin is at least 1 inch, 1 inch top margin, Bottom margin is at least 1 inch from the bottom of the page number to the bottom edge of the paper</li> <li>Paragraph and Font Size: Follow standard paragraphing. Font size should be Times New Roman 12, Space Between lines should be 1.5.</li> <li>Follow any one standard citation and referencing format, Preferably APA style</li> </ul> <p>Structure of Dissertation Report</p> <ul style="list-style-type: none"> <li>Title Page</li> <li>Certificate by guide from department</li> <li>Declaration by the Student</li> <li>Acknowledgement</li> <li>Content page</li> <li>List of tables</li> <li>List of figures</li> <li>List of abbreviations</li> <li>Abstract</li> <li>Chapters:</li> </ul> <p>Every chapter should have a front page as divider with the chapter number and title of the chapter, The Chapterization should be as follows</p> <ul style="list-style-type: none"> <li>Chapter-I: Introduction</li> <li>Chapter-II: Literature Review</li> <li>Chapter-III: methodology</li> <li>Chapter-IV: Result and Discussion</li> <li>Chapter-V: Conclusion</li> <li>Bibliography</li> <li>Appendix</li> </ul>						
<b>Module -IV: Oral Defence and Publication</b>						<b>15 Hours</b>
<ul style="list-style-type: none"> <li>Preparing for dissertation defense for Answering critical questions during a viva voce</li> <li>Converting the dissertation into a conference paper</li> <li>Preparing a research article for Publishing in Journal</li> </ul>
